MOMENTS IN LIGHT

A Guide to your Wedding Photos

www.momentsinlight.co.nz

How do we Work?

We have put lots of effort into streamlining everything so that you can focus on your big day. Here is our blow by blow of how we work.

Booking the Wedding Photography

You Make an Enquiry
Tony will make contact with you by email and answer and questions on your enquiry contact form. He will ask for a meeting either in person or by phone/zoom. This is just more efficient than endless emails.

We Send a Quote
We will send you a quote, either our standard quote or one specific to your needs, you do NOT need to choose one of our standard quotes. They are there to act as a starting point, though they are often what people choose. The quote typically has a few options to choose from and it shows our payment terms etc.

The Client Portal
Here you can view everything related to your booking such as the venue location, your details, your quote, booking agreement, contract, invoice, questionnaires and links to your image galleries.

You Book a Wedding
If you are happy and want to go ahead, you just click the option you want and agree to the booking.

Sign the Contract
Then you agree to the contract. Once that is done you will be sent an invoice for the deposit.

Pay your Deposit
You can pay that via internet banking or with a card. We use Stripe for secure online card payment.

The Big Day is Finally Here

We will be there early, that's just how we roll.
We want to walk the routes and look at the light etc.
and make sure we are ready to rock when you are.

A typical wedding is something like:

Bridal preparation (optional)

We come along and shoot some pics of people getting ready, dress in the window and men putting on suits etc.

The ceremony

We try to be low key here, but we have a job to do so we walk in places that guests might not.

Signing of the registry

We will try and slow things down to capture this moment, but we will discuss this in advance.

Group shots

We ask you to nominate someone to wrangle the family and friends while we take the pictures.

The couple shoot

It's common for the couple to head off for 60-90 minutes for photography.

The reception

We shoot:

- Speeches
- Cutting of the cake
- Party time

We will try to blend into the background and just catch as many of those special moments as possible.

Picture delivery

Next up we edit and deliver your images as quickly as possible. We get it, you'll be excited and want to see them as soon as possible. Usually, we share a couple of quick edits the next day, so you have something, But great things take time. We proudly edit all our images individually. We will edit all of them in colour and then make a copy of them and re-edit for black and white. That takes time, especially when it's 100's of images.

When they are ready, we share them to a gallery available in your client portal and we will let you know they are ready. You can mark favourites and you can choose to download them individually or as a zip file. You can even share the gallery with family and friends.

Frequently Asked Questions

It's only natural to have questions when it comes to one of the biggest days of your life. Here are some common questions please just contact us if you have more. We will go through all of this with you on the first meeting. There really is no such thing as a silly question.

What are the payments terms?

The terms will be shown on your quote, we only ask for 10% to confirm your booking. "The balance is paid later.

Do you accept credit cards?

Yes, we use the Stripe payment gateway for super secure online card payment. You can still pay view internet banking if you want to.

How does this all work?

We understand that trusting us with your special day is a big deal. That's why we have a call or a meeting before taking a booking. We want to be certain that we are all going to get on well. If we are not on the same page, you can't relax and we only want the very best for your memories.

We are getting married next year; will the price change?

That is a large portion of our clients so do not fret, it's very normal. Whilst we may need to change our prices over time, the price we agree when you book is the price you will pay.

How can I check my booking?

Relax, everything is saved to your client portal which is linked in emails we send. Click the link and you can see the shoot location, your details, your quote, booking agreement, your contract, view your questionnaire and open the link to your image gallery.

I've looked at your standard packages and want something different, is that possible?

Absolutely, we regularly quote special packages. No two weddings are ever the same.

What does the time limit cover?

A wedding is your magical day and you don't want to be stressed about time. So we have one simple price that covers the whole day. Unless there's lots of extra travel, everything is covered. This means bridal preparation through to the dancing in the evening.

How many photos will I get?

We deliver every image shot. Every image is edited individually by us. Once we are happy, we then convert them all to black and white and tweak them to suit. Whilst all you really need is maybe 10 images you love; you will get many more images and it will cover the whole time we are there.

When will I get my images?

We say to allow up to 4 weeks but usually you'll get them within a couple of weeks. Some summer months are super busy and it can be hard to be so fast. We want to take the time they deserve and really hone them.

How do I access my images?

Your images will be loaded onto an online gallery that will be linked to your own private client portal. You'll see the link in emails we send you. From there you can choose to mark favourites, download individual images or download a zip of them all. Don't worry if you are not very tech savvy, it's all very simple to use and we can if you prefer, send you a flash drive with the images anyway.

How long will the images stay online?

We will ensure they are online for you to download for a minimum of 6 months from delivery but in reality, they stay there for years.

I'm not great at posing and I'm not comfortable having my picture taken, can you help?

We get it, you've had a bad experience in the past, we all have. Don't worry, we do a practice run usually about a month before your wedding and hopefully at the venue. We will share some YouTube video with some posing ideas, and we will practice these with you as something to fall back on. Preparation really is the key to success with this stuff. But do not worry, we won't share the weird pics where you blink at the wrong time etc.

Can we have a second photographer?

Yes, you certainly can, we are happy to quote for that.

What is your shooting style?

There are some parts of a wedding that are slightly prescriptive like any group shots and to some extent the ceremony. If you choose to have a couple shoot (typically but not always while guests move onto the reception) then these will be a mixture of posed images and some very casual in between moments.

Check out our wedding galleries for a taste. For the reception we move into stealth mode and capture things as they unfold. We let the moments unfold and try to capture them in a way that is authentic to the mood of the wedding.

Do you have public liability insurance?

Yes, we are a limited company with full public liability insurance. Most venues will want this.

What does NZIPP mean?

We are member of the New Zealand Institute of Professional Photographers. We adhere to their code of conduct and undertake to always act in good faith and with the best interests of the client.

Testimonials

Paige and Connor

We had the absolute pleasure of working with tony for our wedding, and we couldn't be happier with the experience! From the beginning, his communication was exceptional, always prompt, clear, and so friendly. He made us feel completely at ease and was incredibly organised and reliable throughout the entire process.

Chi and Foster

Tony was an incredible photographer who captured the most special moments of our lives so beautifully! As it was out first time having professional photos taken, we were a bit nervous-but he made us feel so comfortable and at ease. We're truly grateful for his talent and professionalism. Thank you to Moments in Light-your work speaks for itself, and we'll definitely be spreading the word!

Shannon and Connor

Tony was absolutely great.
From the moment he messaged me on Facebook because I made a typo in my email on his website form, I'd knew I made the right photographer - later confirmed by the amount of people who asked if he was family following our wedding. We had a very chill & stress-free day & Tony was just overall great, got involved & I hope we have the opportunity to meet him again.
